- **16X COPYING SPEED** • **FERRITE HEADS** standard on all stereo models (Can duplicate up to 100,000 cassettes with Ferrite Heads) • **DIRECT DRIVE MOTORS** (no belts to wear out) • **MICROPROCESSOR CONTROLLED** • **PHASED REWIND** (tape is protected as it slows down gently) • **ELECTRONIC CLEANING MODE** • **TRACK SELECT** (Lets you choose to duplicate both sides at once or just one side, mono and stereo) • **INSTANT STOP** (for easier editing) • **FULL-LOGIC KEYBOARD** • **SHORT-TAPE INDICATORS** on all 3-copy models (so you won't accidentally give out a tape that doesn't contain your whole message)
